

FRESH
WATERMELONS

CONTINENTAL SUPREME

FRESH WATERMELONS

Watermelons are the best quality, freshly clicked from the fields, with red flesh, compact and crunchy, with a high sugar content, having a limited number of seeds. Available in all sizes up to 15 kg each fruit, oval shape, dark green in colour with mid/light green streaks. The peel is thin but tough for longer shelf life.

GMO FREE

100% Organic free from any sort of Genetic Engineering, Genetic Modification and Agricultural Biotechnology.

PESTICIDE FREE

Grown by nature without the use of pesticides or chemical spray on the crop from seedling to harvesting.

FARM FRESH

Freshly clicked directly from the fields, carefully picked at its peak ripeness, to ensure the fruit is most nutrient dense.

HEALTH BENEFITS OF WATERMELONS

- 01 Fights Dehydration
- 02 Reduces Risk of Infections
- 03 Contributes to Weight Loss
- 04 Helps Ease Muscle Fatigue
